

13TH NORDIC MELANOMA MEETING

5-7 September 2018

WELCOME TO COPENHAGEN, DENMARK

Dear colleagues

We would like to welcome you to the 13th Nordic Melanoma Meeting in Copenhagen.

The 2018 conference promises to be exciting and rewarding, with focus on contemporary topics, including recent innovations and scientific achievements in many aspects of melanoma management, as well as broad discussions of future collaborative prospects among melanoma centers.

We are fortunate to have engaged a large faculty of very distinguished melanoma researchers and clinicians from Australia, USA and Europe covering a broad range of subjects.
